

Mr. Bugg's Pest Patrol, Inc.
Termite and Pest Management

July 13, 2005

To whom it may concern:

We tried the Vortex unit in two of our company vehicles and increased fuel mileage by 9% on each vehicle. In addition to increased fuel mileage we also noticed an increase in engine power. We are in the process of installing the units on the remainder of our fleet.

Sincerely,

A handwritten signature in cursive script that reads "Susan Taylor".

Susan Taylor
General Manager
